Dear neighbour,

Are you tired of all the anger and division in politics? You're not alone; so are we. If you find yourself asking the question, 'Can we fix our problems and work together once again?' The answer is YES!

Join us on October 26th to hear from Ontario NDP Leader Marit Stiles and your MPP Terence Kernaghan along with a panel of experts about their positive vision for the things that matter most: home, health, and education.

We have a bold plan for change, unity, and how we can repair what's been broken in Ontario.

Light snacks will be provided.

Please RSVP to join us for '**Change: In Conversation and Action**' with Marit and Terence:
