

## CANADIAN LABOUR CONGRESS CONGRÈS DU TRAVAIL DU CANADA

Dear Progressive Changemaker,

The Ontario election is officially underway, and now is the time to mobilize, take action, and vote for the Ontario we need. With over 6 million eligible voters sitting out the last election, we cannot afford to stay on the sidelines.

### Get Involved & Support the OFL

The **Ontario Federation of Labour** is leading efforts to stand with politicians who fight for labour and our values. Together we are fighting back against Conservative policies that threaten workers and their families. This election is a turning point, and we need **every voice, every vote, and every activist in action**.
